

# 平板-登录退出

设置好移动端连接的服务器地址及相关设置后，我们需要先了解如下三项操作内容：

登  
录

在登录界面输入该服务器的登录用户名和密码，单击 **登录** 即可。

The login screen features the 'SMARTBI 移动驾驶舱' logo at the top. Below it, there are input fields for the username 'zhong@smartbi.com.cn' and a masked password. A 'Remember Password' checkbox is checked. A large blue '登录' (Login) button is centered below the inputs. The background shows a silhouette of a person on a mountain peak against a sunset sky. The text '服务器' (Server) is in the bottom right corner.

退  
出

在应用右下角的菜单中选择 **退出**，即可登出APP。

The main interface has a blue header with the 'SMARTBI' logo, a slogan, and a search bar. The main content area is titled 'SMARTBI EAGLE 自助分析平台' (Self-service Analysis Platform) and includes icons for '强管控' (Strong Control), '全自助' (Fully Self-service), and '真共享' (True Sharing). It features a large 3D graphic of a person interacting with a data dashboard. On the right, there is a '我的收藏' (My Favorites) section. Below the main content, there is a '电网信息门户' (Power Grid Information Portal) section with several data visualization cards: 'EVA分析' (EVA Analysis), '客户满意度分析' (Customer Satisfaction Analysis), '安全指标监控看板' (Safety Indicator Monitoring Dashboard), and '客户服务能力分析-单位对比分...' (Customer Service Capability Analysis - Unit Comparison). The bottom navigation bar includes '首页' (Home), '离线' (Offline), a settings gear icon, and a '退出键' (Logout Button) which is highlighted with a red box. The user is greeted as '欢迎你：zhon...'.

在应用右下角的菜单中单击 **设置** 键，弹出菜单，选择 **修改密码**：

“设置”的下级菜单中的 **关于**，用于提供给用户查看当前APP的版本信息，若当前版本不是最新版本时，用户可以根据自己的需要更新版本，下载新章节。

弹出“修改密码”对话框，输入当前登录密码及新密码后，单击 **确定** 即可。

修改密码

请输入当前登录密码

请输入新密码

再次输入新密码

确定
